INTRODUCTION

Boxer is a fully computerized coin-operated strength-testing machine used for amusement and entertainment. Boxer may be used in bars, pubs, amusement parks and other places of entertainment.

Kriss-Sport made sure all the components used for production as well as the machine itself are made of best quality components and are safe for both in-and outdoor use.

SAFETY

READ THIS INSTRUCTION CAREFULLY BEFORE YOU USE THE MACHINE.

WARNING

Safety precautions that must be taken to avoid a potential risk of injury:

- Players should not play after drinking alcohol.
- Players should be informed that they play at their own risk.
- Switch off and disconnect the electrical power supply before opening doors or working on the machine.
- To prevent electrical shock, the game must be connected to a grounded electrical outlet.

CAUTION

Precautions that must be taken to avoid damage to equipment. The following Warnings and Cautions should be heeded when operating Boxer:

- Maintenance and repair operations should be carried out only by suitably skilled and qualified persons.
- To maintain the safety of the machine, and the warranty, use only approved parts. The use of other parts or non-approved modifications to the machine could be hazardous, and might void your warranty.

BOXER

Warranty terms

Kriss-Sport warrants that the Kriss-Sport Boxer will be free from defects in electronics (mainboard, power supply, coin acceptor and bill acceptor) and ball-release mechanism (in autoball spec.) for a period of two years from the date of shipment. Warranty terms do not cover parts not included above.

Definition of defect:

Regarding mechanism: it will be considered as defective if un welding or breaking takes place during the warranty period. It does not include scratching or rubbing out of any metal part which results from heavy usage of a mechanism.

Regarding electronics: it will be considered as defective if any connection between subcomponents on a particular board fails or any of them stops working itself. It does not include damages which occurred due to misuse, unauthorized connection or modifications.

Should the product prove defective during the warranty period, Kriss-Sport, at its option, shall:

- Repair the defective part by means of telephone support or depot service at no charge for parts of labor.
- Replace the defective part with a comparable product which may be new or refurbished.

Provided that:

- Kriss-Sport is informed of the defect immediately after it occurred. The faulty part should be dispatched to Kriss-Sport as soon as possible.
- Kriss-Sport diagnoses the defects were not caused by improper use, neglect, unauthorized modifications, repair, setup or testing.
- Only parts recommended and approved by Kriss-Sport are covered by Kriss-Sport Terms of Warranty.

UNDER NO CIRCUMSTANCES SHALL KRISS-SPORT BE HELD RESPONSIBLE FOR LOSSES IN PROFIT, USAGE OR ACCIDENTAL SERIOUS DAMAGE TO THE MACHINE!
